

HAYER IBAU INDIA Pvt. Ltd.

A Member of the HAYER Group

HAYER IBAU INDIA Pvt. Ltd. is a 100% subsidiary of the still today family owned and managed HAYER Group. From our location in Vadodara (Baroda)/ Gujarat we offer our customers easy and exclusive access to over 120 years of innovation and experience when it comes to storing, handling, packing and dispatching building materials. Our product range covers a wide variety of single equipment such as conveying pumps, vibrating screening machines, automatic bag placers, packing machines and bulk (un-)loading systems up to complete manually or automated solutions.

For our location in Nigeria we are looking for:

Field Service Engineers

Main responsibilities include:

- Realization and supervision of commissioning and assembly of complete packing plants in the area of bulk material at home and abroad
- Servicing and repairing
- Support for packing plants in cooperation with the mounting and operating personnel at the customer
- Training of customer's personnel during commissioning
- Application of knowledge in packing technology acquired during the initial training period and deepened by professional experience

We are seeking individuals with:

- BE/ Diploma in electrical engineering or equivalent
- Completed professional education in the area of electronics/mechatronics
- Job experience in mounting/repair of electro-technical machines - job experience abroad will be a plus
- Good knowledge of measuring and control technology as well as programmable logic control (PLC)
- Willingness to travel abroad for longer periods
- Good knowledge of English

We offer:

- A long-term employment in a Multinational family-owned and managed group
- Opportunities for young as well as senior professionals
- Excellent working conditions

The designation will commensurate with the candidate's qualification and experience. Candidates with exceptional qualifications will be considered for higher level openings.
